

## Prezi

Prezi is a free web-based presentation application. For this assignment you are to create a Prezi for all of your graphic design projects. Include all of your .jpgs that you create this semester. We will use this app to publish your work..

### Steps:

1. Create a Prezi account at [www.prezi.com](http://www.prezi.com). Set it to private – this way people can view your Prezi, but not copy it. Upgrade it to Educational via your school google account – optional.
2. Create a new Prezi called TGJ3M or 4M then your name. Ex: TGJ4M Jimmy

When you have finished this step click get link – give me the link and all add it to the Prezi page on our wiki. You can also link or imbed your work on Facebook.

3. Time to make a Prezi.

**Colour** – Choose a colour theme.

**Write** – Add text, and name your sections.

**Insert** – Upload your .jpgs – (No PSDS).

**Frame** – Add frames to organize your work. You can also scale your piece to signify importance.

**Path** – Set the path; this is the order that you wish the audience to view your work.

4. Continue to update this all semester.

**Value – 20 marks per category.**
